# WEST MIDLANDS POLICE AND CRIME COMMISSIONER

NON-CONFIDENTIAL

NOTICE OF DECISION

[004/2019]

Contact Officer: Mark Kenyon, Chief Finance Officer to the West Midlands Police and

Crime Commissioner

Telephone Number: 0121 626 6060

Email: wmpcc@west-midlands.pnn.police.uk

Title: 2019/20 Revenue Budget and Precept and Capital Budget and Programme

2019/20 to 2022/23

#### **EXECUTIVE SUMMARY**

This report sets out the Police and Crime Commissioner's 2019/20 Revenue Budget and Precept and Capital Budget and Programme 2019/20 to 2022/23.

#### **DECISION**

- (a) That, for 2019/20, a total revenue expenditure level of £575,148,000 be approved;
- (b) That, net contributions from Reserves to support the precept of £5,300,000 be made in 2019/20;
- (c) That, a net budget requirement for 2019/20 of £569,848,000 be approved;
- (d) That the Commissioner's General Reserve remains at £12,042,000;
- (e) That the capital budget and programme as set out in **paragraph 16** and **Appendix 4** be approved;
- (f) That the Band D precept for 2019/20 should be set at £152.55 an increase of £24 compared to 2018/19;
- (g) That, a total precept on the District Councils of the West Midlands be approved and apportioned between such Districts, on the basis of relevant tax base as determined by the District Councils and set out in **Appendix 5**;
- (h) That, District Councils be required to make payments on account of such precept upon them, by way of twelve equal instalments on or before the last banking day of each month, commencing in April 2019;
- (i) The continued commitment to maintain Community Safety Funding at 2018/19 levels;
- (j) That, the Operational Budget for 2019/20, be delegated in accordance with

the Scheme of Consent, as set out in Appendix 2;

- (k) That the Police and Crime Commissioner's budget be delegated to the Chief Executive in accordance with **paragraph 8**;
- (I) That the Capital Strategy 2019/20 2022/23 as set out in **Appendix 3** be approved;
- (m) That the Prudential Guidelines and Indicators set out in **Appendix 7** be approved;
- (n) That, the Chief Finance Officer (CFO) to the Commissioner be authorised to arrange the necessary financing for the Capital Programme, in accordance with the approved Treasury Management Strategy and the CIPFA Code of Treasury Management;

#### **West Midlands Police and Crime Commissioner**

I confirm that I do not have any disclosable pecuniary interests in this decision and take the decision in compliance with the Code of Conduct for the Police and Crime Commissioner for the West Midlands. Any interests are indicated below.

Signature.

.....

# NON - CONFIDENTIAL FACTS AND ADVICE TO THE POLICE AND CRIME COMMISSIONER

#### INTRODUCTION AND BACKGROUND

#### **PURPOSE**

1. Following the meeting of the Police and Crime Panel on 4th February, this paper sets out the Police and Crime Commissioner's 2019/20 Revenue Budget and Precept and Capital Budget and Programme 2019/20 – 2022/23.

#### **BACKGROUND**

#### **GOVERNMENT GRANT SETTLEMENT 2019/20**

- 2. The total grant settlement for the West Midlands in 2019/20 is £460m which is an increase of £15.9m on the 2018/19 settlement. This includes an increase if £8.9m in additional formula funding and £7m in pension grant. The pension grant is specific funding which the government will fund from a reserve. The other main points to note from the settlement are detailed below.
  - (a) The settlement includes the expectation for PCC's to raise their precept by up to £24 per year per Band D property in 2019/20. This expectation is for all PCC's with no differential for the existing low precepting areas.
  - (b) The Force has significant cost pressures in 2019/20 including increased costs of the employers' contributions to the police pension scheme which are now estimated to be £15.1m per annum.
  - (c) For 2019/20 existing formula damping arrangements remain unchanged.
  - (d) The government expects PCCs to pay for the 2018 pay award and costs of the 2019 pay award from the funding settlement.
  - (e) For the West Midlands capital grant allocations of £2.5m remain the same in 2019/20 as in the current year.
  - (f) The settlement allows PCCs to retain the full benefit from any additional local council tax income. It is assumed this means any additional funding from increased council tax base across the West Midlands are retained locally.

#### **BALANCES AND RESERVES**

3. The prudent use of reserves to support spending continues to be a key factor in the Medium Term Financial strategy. The following table details the anticipated level of reserves at 31 March 2019 and the estimated level of reserves up until March 2020.

	Estimated Balance as at March 2019	Estimated Balance as at March 2020
	£m	£m
Budget Reserve (Including Devolved Budget)	9.5	0.0
POCA Income Reserve	0.5	0.0
Self-funded Insurance Reserve	9.4	9.4
Uniform and Protective Equipment Reserve	6.9	4.1
Major Incident Reserve	2.2	2.2
Police Property & Misuse of Drug Act Reserve	0.5	0.0
National Contingency Reserve	2.0	2.0
Earmarked Reserves	31.0	17.7
General Reserve	12.0	12.0
TOTAL RESERVES	43.0	29.7

- 4. The Commissioner needs to maintain adequate General Reserve balance because:
  - (a) A substantial organisation with a turnover of £0.5 billion, there are no other such reserves to call on.
  - (b) There are no budgeted contingencies for very major incidents, which may require significant resource levels for a long period.

#### **PROPOSED REVENUE BUDGET 2019/20**

- 5. The Commissioner is proposing a Revenue Budget for 2019/20 based on the following:-
  - (a) The priorities of the Police and Crime Plan.
  - (b) The implications of the provisional funding settlement.
  - (c) Existing budget commitments and inflationary pressures.
  - (d) The costs and benefits arising from the continued support for the WMP2020 transformation programme.
  - (e) The continued commitment to maintain Community Safety Funding at 2018/19 levels.
  - (f) The uncertainty of funding beyond 2019/20 in light of the review of the police funding formula and any future CSR.
- 6. The Revenue Budget for 2019/20 is based on the following:-
  - (a) Maintaining the numbers of police officers and police community support officers (PCSOs).

- (b) The opportunity to have a workforce more representative of the public we serve by recruiting more BME police officers, police staff and PCSOs.
- (c) The provision of improved equipment and technology to frontline officers to support capability, safety and welfare.
- (d) A precept increase of £24 in line with the Council Tax referendum limit principles that applies to West Midlands Police together with the prudent use of reserves.
- (e) A planned use of the Budget Reserve in 2019/20 of £5.3m.
- 7. Recognising that in the medium term:
  - (a) There remains considerable uncertainty about Government funding levels.
  - (b) There are significant cost pressures to the organisation including inflation and other cost pressures.
  - (c) There is a need to strike a careful balance between spending levels, the use of reserves and a precept increase in 2019/20.

# OFFICE OF THE POLICE AND CRIME COMMISSIONER

8. The proposed budget for the Police and Crime Commissioner's office for 2019/20, compared to the budget for 2018/19 is shown in the table below. There has been a number of budget realignments to reflect the costs incurred by the office. The 2019/20 budget includes provision for supporting the revised arrangements relating to the handling of complaints as a result of the Police and Crime Act 2017.

	Budget 2018/19 £000	Proposed 2019/20 £000
Governance	318	410
Staff & Office Support Costs	1,726	1,685
Consultation, ICT and Systems	77	112
Police Misconduct Hearings incl Legally Qualified Chairs	65	35
Subscriptions	33	33
Bank Charges and External Audit Fees	83	70
Custody Visiting	5	10
Professional Services	50	50
Total	2,357	2,405

#### **COMMUNITY SAFETY FUNDING**

9. The Commissioner has made a commitment to maintain the levels of Community Safety Funding in 2019/20 at 2018/19 levels at £3,863,308.

#### **OPERATIONAL POLICING BUDGET**

In accordance with the Scheme of Consent, it is necessary for the Commissioner to approve an operational policing budget which can be delegated as detailed within the Scheme of Consent. It is consistent with the policies and priorities included in the Police and Crime Plan. The proposed operational policing budget is set out in Appendix 2 and 2a. This represents, in more detail, a cost centre based view of Operational and non-Operational policing in the West Midlands.

#### **STAFFING BUDGETS 2019/20**

11. The table below details the forecast staffing levels across the Force including police officers, police staff and PCSO's. There is a continued commitment to maintaining the number of Police Officers and PCSO's across the Force.

	31 Mar 19 (FTE)	31 Mar 20 (FTE)	31 Mar 21 (FTE)
Police Officers	6,489	6,539	6,539
Police Staff	3,554	3,466	3,365
PCSO	464	464	464
Total Staff	10,507	10,469	10,368

# **USE OF RESERVES**

- 12. There are a number of specific issues which need to be taken into account in considering how much of the earmarked reserves should be used in 2019/20, including:
  - (a) retaining the maximum levels possible to support spending in 2019/20 and later years when resource levels will be significantly constrained;
  - (b) striking a fair balance between how much should be used to support spending over the planning period and by how much the precept should increase;
  - (c) risks and uncertainties in key budget assumptions, given that any over or additional spending in 2018/19 which cannot be met from in year redirections would have to be met from reserves;
- 13. Given these considerations and assuming a precept increase at the maximum permitted without a referendum it will be necessary to use £5.3m of reserves to support revenue spending in 2019/20.

14. The proposed net budget requirement for 2019/20, compared to 2018/19 budget would therefore be calculated as follows:

	2018/19	2019/20
	£'m	£'m
Total revenue spending	548.1	575.2
Use of Budget Reserve	-12.8	-5.3
Revenue Expenditure	535.3	569.9

# **MEDIUM TERM FINANCIAL PLAN (MTFP)**

15. Following receipt of the provisional grant settlement, the Commissioner is now in the process of revising the Medium Term Financial Plan (MTFP). Early in 2019/20 a refresh of the financial strategy linked to the WMP2020 programme of work will take place.

# **CAPITAL PROGRAMME 2019/20 - 2022/23**

16. The main items in the capital programme contained in Appendix 4 include major investments in the Force Estates Strategy as well as continued investment in new technology through the Connect, Command and Control, Mobile communication programme and Data Driven Insight Projects. In addition there is funding for the vehicle and plant replacement programme; and investment in ICT. The capital programme will be financed by a combination of revenue reserves, capital grants, capital receipts and additional borrowing as required.

#### **PRUDENTIAL GUIDELINES**

In relation to capital financing the Commissioner is required to set a number of prudential indicators and these are covered in detail in Appendix 7.

#### **RISKS AND UNCERTAINTIES**

18. Details of the risks and uncertainties inherent in these Budget proposals are summarised in Appendix 8.

#### PRECEPT IMPLICATIONS

19. The table below shows a summary of the precept calculation including the notified Collection Fund net surplus, and compares the precept level with last year's figures:

Summary Precept Calculation	2018/19	2019/20
	£m	£m
Revenue Expenditure	548.14	575.15
Contribution from Reserves	-12.85	-5.30
Net Budget Requirement	535.29	569.85
Police Grant	-247.32	-252.70
DCLG Formula Funding	-177.75	-181.30
Council Tax Support Grant	-19.03	-19.03
Additional Pension Grant	0.00	-6.96
Surplus/Deficit on Collection Fund	-0.95	-1.07
Precept Requirement	90.24	108.79
Total Tax Base	701,961	713,120
Band D Precept*	£128.55	£152.55

<sup>\*</sup>An increase of £24.00 per annum

20. This produces a charge for each property for 2019/20 as follows:

T	Statutory	2018/19 Precept	2019/20 Precept	Change	Change
	Proportion			Annual	Weekly
		£:p	£:p	£:p	£:p
A	6/9	85.70	101.70	16.00	0.31
В	7/9	99.98	118.65	18.67	0.36
С	8/9	114.27	135.60	21.33	0.41
D	9/9	128.55	152.55	24.00	0.46
E	11/9	157.12	186.45	29.33	0.56
F	13/9	185.68	220.35	34.67	0.67
G	15/9	214.25	254.25	40.00	0.77
Н	18/9	257.10	305.10	48.00	0.92

21. The statutory calculations required by Local Government Finance Act, 1992 are shown in Appendix 5.

# FINANCIAL IMPLICATIONS

22. Are as detailed in this report.

#### **LEGAL IMPLICATIONS**

- 23. Section 40 of the Local Government Finance Act, 1992, requires the Commissioner to set budget and precept by 1st March each year.
- 24. The Commissioner must ensure that the precept is sufficient to provide for the

- expenditure estimates it will incur in the year in performing functions, defraying outstanding expenditure incurred earlier, any expenditure before precepts become sufficiently available and any payments into reserves.
- 25. The Localism Act 2011 has abolished the council tax capping regime and replaced it with the requirement for Authorities to hold a taxpayers referendum if excessive increases are proposed. In 2019/20 an excessive increase would £24.01 or greater.
- 26. Section 25 of the Local Government Act 2003 requires the CFO to report to the Commissioner on the robustness of the estimates made for the purposes of the statutory budget calculations and the adequacy of financial reserves and the Commissioner must have regard to that report when making decisions about the statutory budget calculations.
- 27. Section 19 of the Police Act 1996 makes special provision covering the Commissioner's decision, in respect of the precept it proposes to levy for the forthcoming year.

#### **EQUALITY IMPLICATIONS**

28. The budget provides for the continuation and development of policing services for all people in the West Midlands, irrespective of their protected characteristics of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. Both the Commissioner and the Force are committed to delivering the principles, strategies and priorities of their respective Equality Schemes.

### 1. BACKGROUND & INTRODUCTION

- 1.1. In December 2017 the Prudential Code for Capital Finance in Local Authorities was updated by the Chartered Institute of Public Finance and Accountancy (CIPFA) and introduced the requirement that all Local Authorities (which includes Policing Bodies) should formally report upon their Capital Strategies.
- 1.2. The Capital Strategy for the Police and Crime Commissioner (PCC) for the West Midlands and West Midlands Police is a key overarching document and sets out the policy framework for developing, managing and monitoring capital investment. It aligns to the Police and Crime plan and demonstrates how investment decisions properly take account of stewardship, value for money, prudence and sustainability.

#### 2. PURPOSE

- 2.1. This capital strategy is intended to provide an overview of capital expenditure, capital financing and treasury management and how activity within these areas contribute to the provision of services the Force provides.
- 2.2. The strategy also considers how any associated risks are managed and the implications of future financial sustainability.

#### 3. SCOPE

- 3.1. In managing capital investment for the Police and Crime Commissioner and West Midlands Police this strategy considers the following areas:-
  - Capital Expenditure
  - Investments
  - Liabilities
  - Treasury Management

# 4. GOVERNANCE FRAMEWORK

- 4.1. For WMP2020 change programme projects the investment decisions are made based upon the presentation of a detailed business case. These are considered and challenged at the monthly Organisational Change Board (OCB) meetings chaired by the Deputy Chief Constable and includes the Chief Finance Officers of both the Chief Constable and the PCC and representatives from key stakeholders and the Business Transformation team.
- 4.2. The business case process followed to allow investment decisions to be made includes a rigorous process of options appraisal including identification the needs and benefits (both financial and non-financial) of the proposal, the associated risks and the costs profiled over the life of the project.

- 4.3. In making an investment decision OCB considers how well the proposal meets and contributes to the Force priorities along with its affordability over the medium term.
- 4.4. All of the investment decisions made follow Force Standing Orders and the usual approvals process via the Office of the Police and Crime Commissioner.
- 4.5. Plans are only revised and updated following the approval given at OCB. These are then built in to the longer term capital plan which forms part of the revenue and capital budget setting process of the Force. The budget plans are presented to the Commissioner's Strategic Policing and Crime Board and the West Midlands Police and Crime Panel to ensure that there is a wide opportunity for challenge and scrutiny. Following on from this process the PCC formally approves the decision to accept the budget proposal.
- 4.6. The delivery of the capital plan is monitored monthly by the s151 Officers for the Force and the PCC and quarterly in reports that are presented to the Strategic Policing and Crime Board.
- 4.7. To underpin the capital investment programme each year a Treasury Management Strategy is produced which incorporates the Commissioner's investment strategy and approach to borrowing. This report is written by the CFOs of the PCC and the Chief Constable and is presented to the Joint Audit Committee in March each year for consideration before being approved by the Commissioner. Copies of the strategy can be found on <a href="https://www.westmidlands-pcc.gov.uk/transparency/record-of-decisions">www.westmidlands-pcc.gov.uk/transparency/record-of-decisions</a> for each relevant year. The Joint Audit Committee also receive update reports throughout the year on the delivery of the Treasury Management Strategy.

#### 5. CAPITAL EXPENDITURE

- 5.1. As part of the Medium Term Financial Planning Strategy (MTFPS), West Midlands Police takes a forward view of the Forces asset needs to meet its future objectives. The MTFPS links very closely with the WMP2020 programme of work in assessing where capital investment may be required. The WMP2020 programme is the vehicle for delivering transformational change within the Force as detailed in the Police and Crime Plan 2016 2020.
- 5.2. In addition to the change programme the capital programme also provides for business as usual expenditure (BAU) such as replacement fleet vehicles, replacement or upgrade of core IT systems and equipment not related to change programmes but meeting the definition of capital expenditure.
- 5.3. To meet the definition of capital the expenditure made must result in the acquisition, construction or enhancement of a fixed asset (either tangible or intangible). In the case of enhancement this must be to prolong the life of or increase the market value of the asset.

### 6. CAPITAL INVESTMENT PRIORITIES

- 6.1. The PCCs Police and Crime Plan 2016-2020 (<a href="www.westmidlands-pcc.gov.uk/media/435616/2016-2020-Police-and-Crime-Plan-digital.pdf">www.westmidlands-police.uk/media/435616/2016-2020-Police-and-Crime-Plan-digital.pdf</a>) and the West Midlands Police Ambition Plan (<a href="www.west-midlands.police.uk/flysystem/public-sync/inline-files/Ambition Plan FINAL 0.pdf">www.west-midlands.police.uk/flysystem/public-sync/inline-files/Ambition Plan FINAL 0.pdf</a>) state the priorities and ambitions over the medium term. These are summarised as:-
  - Protecting people from harm
  - Supporting victims of crime
  - Building trust and confidence in our police
  - Strengthening communities and growing the economy
  - Building a modern police service
  - Making better use of our people and resources
  - Tackling national and international threats
  - Standing up for young people
- 6.2. The Association of Police and Crime Commissioners (APCC) and National Police Chiefs Council (NPCC) are actively working nationally with all police leaders to reform and Policing by 2025. A vision for Policing in 2025 has been published and sets out the following five priorities for reform:-
  - Local policing
  - Specialist capabilities like armed policing and and organised crime investigation
  - Digital policing
  - Building a workforce with the right skills for the future
  - Improving collaboration in business support services (enabling business delivery)
- 6.3. The capital strategy and capital programme underpin both the local and national priorities in the investments in makes, particularly in relation to making the best use of resources and creating a modern police service. The investments made through the WMP2020 change programme and the Estates strategy enhance and improve the service for both staff and citizens by providing up to date technology and systems and creating better working environments, optimising available space. This leads to a more efficient service provided to citizens of the West Midlands which should continue to build trust and confidence in our service and give support to victims of crime.
- 6.4. One of the most significant investments is in the Connect project which is a single IT system that will replace 12 existing and aging systems. As this is such a large, far reaching project within the change programme there will also be a requirement to train approximately 8,000 of the 10,000 staff we have in Force to use the new system. The 'go-live' is in 2019. This system alone is expected to drive efficiencies by reducing the need to double key information and give a single view of relevant data to users.
- 6.5. Whilst most of the priorities for investment are defined by the projects within the change programme, the Force has also developed its Estates Programme and the decision relating to that programme and the possible implications on long term borrowing can be found here. <a href="www.westmidlands-pcc.gov.uk/media/479453/PCC-decision-003-2018-WMP-Estates-Programme.pdf">www.westmidlands-pcc.gov.uk/media/479453/PCC-decision-003-2018-WMP-Estates-Programme.pdf</a>

#### 7. METHODS OF FUNDING THE CAPITAL PROGRAMME

# **Government Grants**

- 7.1. Each year the Force receives an allocation of grant funding directly from the Home Office for the purpose of capital expenditure. For 2019/20 this funding has been set at £2.5m.
- 7.2. The Force may also receive in year other specific grants which could be spent as capital or revenue to fund specific projects, such as Police Transformation Funding (PTF).
- 7.3. In addition to the funding given to the Force some specific grants are also received by the Counter Terrorism Unit (CTU) and these fund expenditure specific to the CTU.

#### Prudential Borrowing

- 7.4. The introduction of the 2004 Prudential Code enabled PCCs, like local Authorities, to determine their own level of capital investment controlled by self-regulation. It gives PCCs the ability to borrow in their own right provided that the borrowing is prudent, sustainable and affordable.
- 7.5. The PCC is currently undertaking borrowing on a needs and phased approach to fund the Estates programme. The decision to borrow includes the impact of borrowing costs on the revenue budget. It also ensures the borrowing costs are included in the revenue budget.

#### Capital Receipts

7.6. Through the sale and disposal of surplus assets the PCC is able to generate capital receipts. The PCC seeks to maximise capital receipts received from the disposal of assets to enable the funds to be used to support the capital programme.

#### **Revenue Contributions**

7.7. In some circumstances the Force does allow revenue contributions to be made to fund capital expenditure. This is usually where a piece of equipment is locally purchased but meets the definition of a capital asset.

# REPORT OF THE CHIEF FINANCIAL OFFICER AS REQUIRED BY SECTION 25 OF THE LOCAL GOVERNMENT ACT 2003

- Section 25 of the Local Government Act 2003 requires the designated Chief Finance Officer of the Commissioner to report to it on the following matters:
  - (a) the robustness of the estimates made for the purposes of the statutory budget calculations;
  - (b) the adequacy of the proposed financial reserves;
- 2. The Commissioner must then have regard to that report when making decisions about the statutory budget calculations.
- 3. Appendix 8 analyses the risks and implications if key budget assumptions vary during the year. Any overspendings which cannot be contained within approved budget levels will have to be financed from the Budget Reserve.
- 4. Details of the Commissioner's general balances and reserves are set out in paragraphs 3 and 4 of the report. I am recommending that the level of General Balances remains at £12m.
- 5. The 2019/20 Revenue Budget and Medium Term Financial Plan requires the use of a significant proportion of the reserves. I have advised the Commissioner that I believe this represents an entirely reasonable, balanced and prudent approach, given current levels of crime and anti-social behaviour, the priorities set out in the Police and Crime Plan and the levels of Government resources likely to be available in the medium term.
- 6. The Insurance Fund will continue to be maintained at a level consistent with the insurance cost borne by the Commissioner's reserve and the level of outstanding self-funding insurance claims at any time. Other earmarked reserves will be applied as expenditure levels and service requirements dictate.
- 7. It will be necessary to retain as much flexibility as possible over the levels of reserves, including maximising the level of the Budget Reserve and prudent use over the plan period.
- 8. The total level of revenue reserves is estimated to be around £30m by 31<sup>st</sup> March 2020, depending on the use of earmarked reserves and the other factors influencing the use of reserves in 2019/20.
- 9. I am therefore able to confirm that, in my professional opinion:
  - (a) The estimates made for the purposes of the calculations of the commissioner's budget requirement for 2019/20, under Section 32 of the Local Government Finance Act 1992 contained in the report, are robust.
  - (b) The financial reserves that will remain available to the Commissioner, as a result of agreeing the proposals contained in this report, are adequate.

Mark Kenyon Chief Finance Officer

#### STATEMENT OF PRUDENTIAL INDICATORS

- 1. The Prudential Code for Capital Finance in Local Authorities (Prudential Code) is applicable to the Police and Crime Commissioner and has been developed by the Chartered Institute of Public Finance and Accountancy (CIPFA) to provide a code of practice to underpin the system of capital finance embodied in Part 1 of the Local Government Act 2003. PCCs, like Local Authorities, are free to determine their own level of capital investment controlled by self-regulation.
- 2. The key objectives of the Prudential Code are to ensure that capital investment plans are affordable, prudent and sustainable.
- 3. The Prudential Code supports a system of self-regulation that is achieved by the setting and monitoring of a suite of Prudential Indicators that directly relate to each other. The indicators establish parameters within which the PCC should operate to ensure the objectives of the Prudential Code are met.
- 4. The Prudential Indicators for which the PCC is required to set limits are as follows:

# Capital Expenditure

- 5. This indicator forms the background to all other indicators, given that the overall rationale of the prudential system is to provide flexibility for borrowing to fund capital investment.
- 6. The actual amount of capital expenditure that was incurred during 2017/18, and the estimates of capital expenditure to be incurred for the current and future years that are proposed in the 2019/20 Budget are as follows:

	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23
	Actual	Estimate	Estimate	Estimate	Estimate	Estimate
	£'m	£'m	£'m	£'m	£'m	£'m
Capital Expenditure	18.3	36.9	54.5	48.6	16.3	10.1

#### Net Borrowing and the Capital Financing Requirement (CFR)

7. This Prudential Indicator provides an overarching requirement that all the indicators operate within and is described in the Prudential Code as follows:

"In order to ensure that over the medium term net borrowing will only be for a capital purpose, the PCC should ensure that net external borrowing does not, except in the short term, exceed the total of capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years".

8. In considering the proposed capital programme for 2019/20, the anticipated future borrowing requirements are considered in the context of overall capital resources and the impact on the revenue budget.

	31 <sup>st</sup> March 2018 £'m	31 <sup>st</sup> March 2019 £'m	31 <sup>st</sup> March 2020 £'m	31 <sup>st</sup> March 2021 £'m	31 <sup>st</sup> March 2022 £'m
Capital financing requirement (CFR)	33.5	52.3	70.3	75.6	83.8
External borrowing	-47.2	-67.2	-87.1	-94.3	-104.3
Variance	-13.7	-14.9	-16.8	-18.7	-20.5

Note: The CFR increases when expenditure is incurred and reduces when provision is made to repay debt.

# Ratio of Financing Costs to Net Revenue Stream

- 9. This indicator is intended to demonstrate the affordability of capital investment decisions in terms of the ratio of capital financing costs to overall resources, expressed as a percentage.
- 10. Financing Costs include the amount of interest payable in respect of borrowing or other long-term liabilities and the amount the PCC is required to set aside to repay debt, less interest and investments income.
- 11. The Net Revenue Stream is the amount to be met from government grants and local taxation. The prediction of the Net Revenue Stream for future years assumes decreases in the PCC's funding from government and the local taxpayer consistent with expectations in the Medium Term Financial Plan.
- 12. The estimates of the ratio of financing costs to net revenue stream, which are at very low levels, are as follows:

	2018/19	2019/20	2020/21	2021/22	2022/23
	Estimate	Estimate	Estimate	Estimate	Estimate
	£m	£m	£m	£m	£m
Financing Costs	3.3	6.7	7.2	7.7	7.7
Net Revenue Stream	535.3	569.8	579.6	585.4	591.3
Ratio	0.62%	1.17%	1.24%	1.31%	1.30%

# **Capital Financing Requirement**

13. The capital financing requirement is a measure of the extent to which the PCC needs to borrow to support capital expenditure and does not include any temporary borrowing to support day to day cash flow.

14. The estimates of the end of year capital financing requirement are as follows:

	-01A (0.00-0.00)			727.1	
	2017/18	2018/19	2019/20	2020/21	2021/22
	Actual	Estimate	Estimate	Estimate	Estimate
	£'m	£'m	£'m	£'m	£'m
Capital Financing Requirement at 31st March	33.5	52.3	70.3	75.6	83.8

#### Authorised Limit, Operational Boundary and Actual External Debt

- These indicators are intended to ensure that levels of external borrowing are affordable, prudent and sustainable. The Authorised Limit for external debt is a statutory limit that should not be breached under any circumstances. The proposed limits set out below have been calculated to take account of the current PCC's Capital Expenditure and Financing Plans and allowing for the possibility of unusual cash movements. If this limit is likely to be breached, it would be necessary for the PCC to determine if it is prudent to raise the limit or to instigate procedures to ensure that such a breach does not occur.
- 16. The Operational Boundary for External Debt is a management tool for day to day monitoring and has been calculated with regard to the PCC's Capital Expenditure and Financing Plans allowing for the most likely, prudent, but not worst case scenario for cash flow. Temporary breaches of the Operational Boundary, due to variations in cash flow, will not be regarded as significant.
- 17. The following limits are recommended:

	2019/20 £'m	2020/21 £'m	2021/22 £'m
Authorised Limit for external debt:  Borrowing	100.0	110.0	120.0
Operational Boundary:  Borrowing	90.0	100.0	110.0

The PCC's actual external debt as at 31/03/19 is anticipated to be £67.2m, excluding transferred debt managed by Dudley MBC.

### The Incremental Impact of Capital Investment Decisions on the Council Tax

- 18. This indicator is intended to demonstrate the affordability of capital investment decisions in terms of their impact on the precept.
- 19. As per the Capital Programme, the PCC may propose to undertake borrowing to fund capital investment, the incremental impact on the precept is shown overleaf.

	2018/19 £m	2019/20 £m	2020/21 £m	2021/22 £m	Total £m
Total borrowing	0.0	20.0	19.9	7.2	47.1
Interest (2.59%)	0.0	0.5	0.5	0.2	1.2
Repayment of Principal (50yrs)	0.0	0.4	0.4	0.4	1.2
Revenue consequences	0.0	0.0	0.0	0.0	0.0
Total revenue effect	0.0	0.9	0.9	0.6	2.4

20. There will also be a reduction in interest earnings as capital grants, capital receipts and the capital reserve are used to finance capital in the plan period, and some additional revenue costs resulting from capital investment, the effects of which are included in the medium term revenue forecasts.

# **Prudential Indicators For Treasury Management**

21. The following prudential indicators will be included in the PCC's 2019/20 Treasury Management Strategy that will be reported in March.

### Treasury Management Code of Practice

22. The PCC has adopted the Chartered Institute of Public Finance and Accountancy (CIPFA): Code of Practice for Treasury Management in the Public Services.

### **Fixed Interest Rate Exposures**

23. It is recommended that the PCC sets an upper limit on fixed interest rate exposures as follows.

Upper limits for net principal sums outstanding at fixed rates

oppor innite for fiet principal sums outstanding at fixed rates				
	2019/20 2020/21		2021/22	
Fixed Interest Exposure	%	%	%	
Upper Limit	100	100	100	

This represents the position that all of the PCC's authorised external borrowing may be at a fixed rate at any one time.

#### Variable Interest Rate Exposures

24. It is recommended that the PCC sets an upper limit on variable interest rate exposures as follows.

Upper limits for net principal sums outstanding at variable rates

Control of the Contro	printing states		Tallo Talloo
	2019/20	2020/21	2021/22
Variable	%	%	%

Upper Limit	20	20	20	
-------------	----	----	----	--

This is the maximum external borrowing judged prudent that the PCC should expose to variable rates.

# **Maturity Structure of Borrowing**

25. It is recommended that the upper and lower limits for the maturity structure of borrowings are as follows:

Amount of projected borrowing that is fixed rate maturing in each period as percentage of total projected borrowing that is fixed rate.

	Upper Limit	Lower Limit
Period of Maturity	%	%
Under 12 months	25	0
12 months and within 24 months	25	0
24 months and within 5 years	50	0
5 years and within 10years	75	0
10 years and above	100	25

# Investments for longer than 364 days

26. It is recommended that the upper limits of total principal sums invested for periods longer than 364 days are £40.0 million for 2019/20, 2020/21, 2021/22 and 2022/23.

#### **APPENDIX 8**

#### **Risk Assessment**

Risk	Likeli- hood	Impact	Comment
The IIP programme costs are significantly higher than planned. Also the planned savings from the IIP and other savings included within the 2019/20 budget are not achievable.	Low	Medium	IIP governance structures in place to deliver the IIP programme. In addition Budget Managers have considered the planned savings and confirmed they believe them to be achievable, however if circumstances change and the planned level of savings is not achievable alternatives will be sought in year.
The Capital Programme requirement changes as work streams develop, for example, development of the Estates Strategy.	High	High	The programme has been written with some flexibility built in but should strategic choices vary significantly the programme would be reviewed and re-shaped in line with the new requirement. The addition of the Estates Strategy is being programme managed and would be reported through the appropriate governance channels.
Pay awards in the future differ from the assumptions in our financial planning	Low	Medium	Current assumptions are in line with pay award offers to Police Officers and Staff. If pay awards are higher than this, the savings requirement will increase.
Increase in volume and/or cost of policing public order incidents linked to the general economic conditions or other factors	Medium	Medium	Depending on the volume and complexity of any incidents, this could place a significant strain on current contingency budgets. The Commissioner has a Major Incidents Reserve which would need to be used if any overspendings could not be contained within the overall devolved budget.
Interest rates increase	Low	Medium	The budget reflects the low rates of interest being received on investments. Forecasts from our Treasury Management advisers suggest that borrowing rates are likely to increase which will add to the costs of financing the capital programme should borrowing be required over the medium term.
General inflation is different to	Medium	Medium	A 1% increase would cost around £0.5m.
the assumptions included in the budget. We have assumed general price inflation on Gas, Electricity & Water of 5%, Fuel of 2% and Supplies of 1.5% for 2019/20.			Significant increases in building costs in the medium term capital programme period could have an impact on some estimates.
Income levels not achieved	Low	Low	A 1% loss of income (excluding grants & interest) would cost around £0.3m.

# Public Access to Information

Information contained in this decision is subject to the Freedom of Information Act 2000 and other legislation. This decision will be made available on the Commissioner's website.
