

Stop and search panel 21/3/23

Attendees:

Kate, Debbie, Anna, Jim, Malcom, David G, Chris W

PCC/Police:

NataliMark H, Chris B

Footage	Panel feedback	Officer Feedback
Use of Force - Un-compliant Handcuffing of the Juvenile Missing Person	Unarmed skills, ground restraints and handcuffs Outcome: adequate use of force Officers remained calm Did attempt de escalation Gave the juvenile options	Officers were really thankful of the positive feedback When asked about taking the young person to the floor, the male officer stated that he was really mindful on using force against a juvenile, but felt that it was the best way of controlling him and stopping the young person from injuring himself When asked if they would do anything differently both stated that under the circumstances no.
Use of Force Uncompliant Handcuffing and use of Parva following the report of a male looking through windows	panel feedback: initial approach from officers was abrupt, and could have been more calm Very little rapport building Officer reached for cuffs quite quickly PAVA aftercare was considered inadequate with more care needed	Male officer stated that in hindsight he would of used tactical communications more appropriately. Stated that he had made his mind up to handcuff the male immediately due to him not being able to see his hands as they were covered by the red blanket. Stated that he hesitated too much when trying to put on the handcuffs resulting in him leaving himself vulnerable Female officer

		<p>Stated that she is taser trained, but did not consider using it and believed that Parva was more appropriate.</p> <p>It was pointed out that Taser is deemed to be less Force than Parva.</p> <p>Officer reflected but felt that Parva was more appropriate under the circumstances.</p> <p>Did agree that the aftercare could have been better but the adrenaline of the incident meant she was more concerned about her colleague.</p> <p>Both officers happy with the feedback</p> <p>The Offender has attended court for the offence of Assaulting a Police Officer and received a 10 week prison sentence</p>
<p>Use of Force Stop and search of numerous males on a roof following information that they were in possession of knives</p>	<p>Go Wisely was followed Individuals were controlled well given the potential for the incident to escalate and the officer being alone.</p> <p>Panel raised concerns regarding the officer holding the arm of one of the individuals and this use of force used.</p>	<p>The officer was really appreciative of the feedback</p> <p>Stated that the reason he took a firm hold of the first male was he had previously dealt with a similar incident on a roof where he didn't control the male and both parties, following a scuffle nearly fell from the roof.</p> <p>He stated that in hindsight if he had blocked the first males pathway, this may</p>

		<p>have stopped any use of Force.</p> <p>PC Clarke who the youths had asked for was really happy with the panels thoughts and stated that he had dealt with the same youths the day prior for a similar incident and built up a raport.</p>
