

Clarification Questions: VRP Hospital In-Reach and Community Based Service (Birmingham)

8th June 2026 -Word Limits and diagrams

Please could you clarify if there is a word limit on the quality questions for this opportunity? Is there an overall word limit, or a per question word limit, and does the limit include tables, diagrams etc?

For the quality questions, each question has a word limit of 1,000 words. The text fields, however, display a 6,000 character limit. This character limit is approximately equivalent to 1,000 words. The word limit does not include additional uploaded tables and diagrams.

8th June 2026 - TUPE

Please could we confirm whether there is an existing staff team and if so whether TUPE applies for this opportunity?

There has been a previous contract delivering in the hospitals however the contract finished a few months ago and the previous provider has confirmed there are no members of staff who would be eligible for TUPE. TUPE may however apply on exit of contract.
